

March 18, 2020

To our valued patients and their families

On Tuesday March 17 the Alberta Dental Association and College advised all dentists that **“effective immediately there is a mandatory suspension of all non emergent dental treatment and services”**

This effects all dental offices across Alberta.

Based on recommendations by Alberta Health Services and the Alberta Dental Association and College, the office will be pre-screening all patients by phone.

Emergencies:

If you have an emergency, and it is during regular office hours, please call us at (403) 295-8010 and our staff will advise you accordingly.

If this is an emergency and you are calling outside of regular office hours:

For patients of Dr Vinsky please call him at (403) 862-2771.

For patients of Dr Zealand please call him at (403) 860-3368

All other appointments:

Our staff is in the process of contacting all patients whose appointments are coming up to reschedule them so that we may continue providing comprehensive dental care once we receive word from the Alberta Dental Association and College that it is safe to do so.

If you have an appointment and wish to call our office to discuss it, please feel free to call us between the hours of 7am and 3pm.

We wish you and your families well as we continue to monitor this rapidly changing situation and keep you posted

The Team at North Calgary Pediatric Dentistry
